Trend Tents

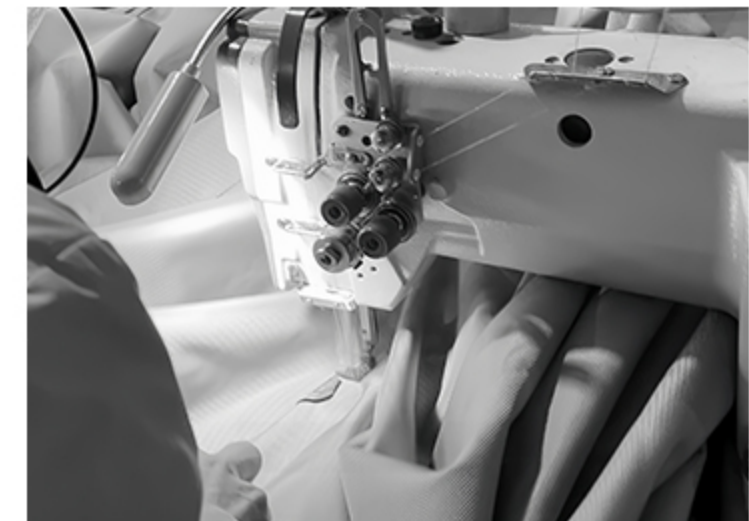

COMPANY PROFILE

A comprehensive outdoor company integrating R&D, design, innovation, manufacturing, sales, and installation.

Trend Tents is a new company with a strong foundation of expertise. Our factory, established in 2014, has nearly two decades of experience in crafting premium outdoor tents that combine durability, functionality, and innovation. From our facilities in Asia, we deliver a versatile range of customizable solutions for everyday use, events, and outdoor adventures. Our UK operations are based in Birmingham, where our dedicated team is focused on providing efficient service and support. This local presence enables us to respond quickly to your needs and deliver solutions tailored to your requirements, reflecting our commitment to quality and customer satisfaction.

With design teams based in Thailand and operations now expanded to the UK and the US, our manufacturing facility in China is strategically positioned to support our global presence. This structure enables us to uphold the highest quality standards while delivering cost-effective solutions to our customers. Our factory follows stringent quality control protocols, ensuring each product meets our exacting standards and exemplifies our commitment to excellence.

At our core, we are a company driven by a love for the outdoors and a commitment to delivering exceptional products. We continuously strive to innovate and expand our product line, offering gear that helps you explore the world with confidence and comfort.

A night camping scene on a gravel surface. In the center, a campfire burns brightly in a metal fire pit. To the left, a stack of firewood sits on the ground. Behind the fire, a white cooler with its lid open is visible. A tall, thin pole with a small light hangs over the cooler. To the right, a folding camp chair is set up. In the foreground, another folding camp chair is partially visible. The background is dark with some distant lights.
